Lethbridge population grows nearly two per cent, 2015 census shows

Lethbridge, Alberta – Lethbridge continues to grow with the official 2015 census results showing a population of 94,804, an increase of 1,800 (1.94 per cent) over the 2014 municipal census number. The strongest growth occurred in West Lethbridge with 1,339 new residents.

“Lethbridge consistently demonstrates a sustainable, healthy rate of growth,” says Mayor Chris Spearman. “Stable growth allows the City of Lethbridge to plan for the future more effectively.”

The City of Lethbridge conducts a census each year to provide an accurate count for provincial and federal per-capita grants. Funding from these sources helps fund construction of facilities such as the Crossings Leisure Complex, Police Headquarters Expansion and Henderson Pool Reconstruction.

“The participation of residents and the commitment of census takers in our yearly census is greatly appreciated,” says David Sarsfield, Deputy City Clerk. “Without the cooperation of our residents, we would not be able to collect the information that we require.” This was the first year the census takers used mobile devices to gather information at the door.

The census determines the number of people living in each household as well as their ages and sex.

Census 2015

The City Clerk's Office is responsible for conducting the census and for the collection of census information. The Municipal Government Act provides the authority for municipalities to conduct a census. Alberta Regulation 63/2001, the Determination of Population Regulation, defines official census, population, and provides the time frame to conduct an official census, and submission of results to the Minister of Municipal Affairs.

The City of Lethbridge conducts a census to establish the total population of the City.

Per capita grants

Municipal data is useful to both municipal and provincial governments as decisions regarding future transportation networks, the location of schools, parks, utilities and fire protection facilities are based to a large extent on statistics on population growth collected in the municipal census. Many of the grants received from the provincial and federal governments are awarded on a per capita basis and a census count ensures that maximum grants are received.

Basic Census

A basic census was undertaken. Information collected included validity of the address, if the dwelling unit was occupied, unoccupied, a vacant lot, or under construction, and if occupied, the number of people living in the unit, their ages and sex.

Every effort was made to reach all households in Lethbridge.

The Office of the City Clerk is confident that everything possible has been done to attain accurate information.
