2016 census shows consistent growth in Lethbridge population

Lethbridge, Alberta – Lethbridge continues to grow with the official 2016 census results showing a population of 96,828, an increase of 2,024 (2.13 per cent) over the 2015 municipal census number.

“Lethbridge consistently demonstrates a sustainable, healthy rate of growth,” says Mayor Chris Spearman. “Stable growth allows the City of Lethbridge to plan for the future more effectively.”

The City of Lethbridge conducts a census each year to provide an accurate count for provincial and federal per-capita grants. Funding from these sources helps support construction of facilities such as the Crossings Leisure Complex, Police Headquarters Expansion and Henderson Pool Reconstruction.

“The participation of residents and the commitment of census takers in our yearly census is greatly appreciated,” says David Sarsfield, Deputy City Clerk. “Without the cooperation of our residents, we would not be able to collect the information that we require.” This was the second year the census takers used mobile devices to gather information at the door.

The census determines the number of people living in each household as well as their ages and sex. This snapshot of the city’s demographics helps City Planners determine what services will be needed in what areas.

The 2016 census numbers show the strongest growth occurred in West Lethbridge with 1,213 new residents.

The City of Lethbridge conducts a census to establish the total population of the City.

Per capita grants

Municipal data is useful to both municipal and provincial governments as decisions regarding future transportation networks, the location of schools, parks, utilities and fire protection facilities are based to a large extent on statistics on population growth collected in the municipal census. Many of the grants received from the provincial and federal governments are awarded on a per capita basis and a census count ensures that maximum grants are received.

Basic Census

A basic census was undertaken. Information collected included validity of the address, if the dwelling unit was occupied, unoccupied, a vacant lot, or under construction, and if occupied, the number of people living in the unit, their ages and sex.

Every effort was made to reach all households in Lethbridge.

The Office of the City Clerk is confident that everything possible has been done to attain accurate information.
