

Family Day Unplugged

02.20.2017

Family Day is a great opportunity to unplug from technology and connect with yourself, your family and your community.

Why Unplug?

By graduation, the average teen will have spent more time watching screens than being in the classroom, playing sports and talking to their parents. (screensmart.ca)

Why Connect?

Children and youth who are frequently connected to adults and other community supports are more likely to have a high standard of well-being in health and resiliency, and traits like strong academic and social performance, compassion, and leadership are highly promoted. (search-institute.org)
