

Downtown Parking Meter Replacement Project

September 2016 - City Council approved the purchase of a new downtown hybrid Parking System consisting of:

- 170 Pay-by-Plate Multi-Space Machines with license plate recognition enforcement
- 60 Single Space Smart Meters at accessible parking spaces and in 4 isolated locations with foot patrol enforcement

WHAT'S NEXT?

- Fall/Winter 2016 – Purchase of the system
- Spring/Summer 2017 – Installation of new machines
- Summer 2017 – Turning on new system with information on usage and training opportunities for customers
