

# HOW ARE WE DOING?

So far, the Materials Recovery Facility has shipped **1541** tonnes of fiber to North American markets and **93** tonnes of plastic to Eastern Canada.

Over the last three months, **40,235** blue carts were checked prior to pick-up and just **4%** were tagged because of contamination.

## LEARNING THE INS & OUTS

**63,111**

visits to [curbside.lethbridge.ca](http://curbside.lethbridge.ca) in the last 6 months.

**1,334**

elementary & middle school students presented with the ins & outs of curbside recycling

**79,488**

searches for material using the Waste Wizard tool

**3,643**

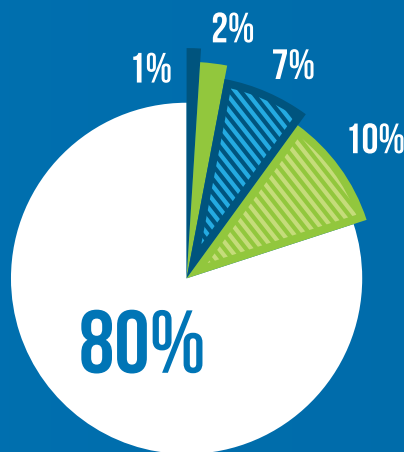

people have signed up for curbside e-newsletters.

**3,459**

people have called **311** with questions about curbside recycling and the cart size exchange program

## WHAT ARE WE COLLECTING?

Since the first collection on May 14, 2019 - we've collected **2,041,000 kg** of recyclable material.

- Cardboard & Paper
- Contamination
- Plastics
- Metals
- Other Materials
