

Start a Collection

1

Choose a container from your house that you can collect things in.

2

Go outside and pick up neat nature things that you find interesting. Make sure they are small!

3

Bring the items inside and display them in your container!

4

Do some research to figure out what the things you have collected are.

Curly Cup Gumweed

Plains Cottonwood Leaf

Gall

Black Knot Fungus

Granite

Conglomerate

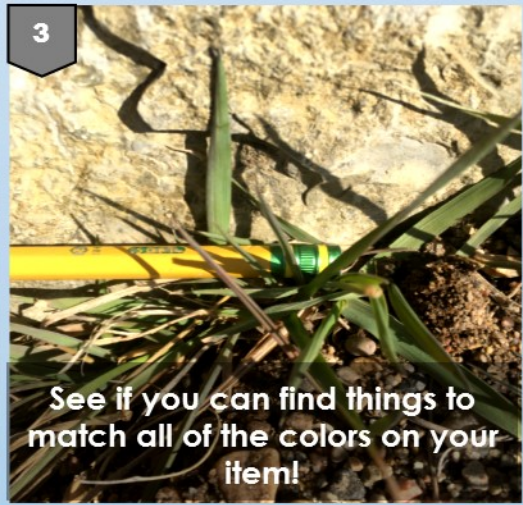

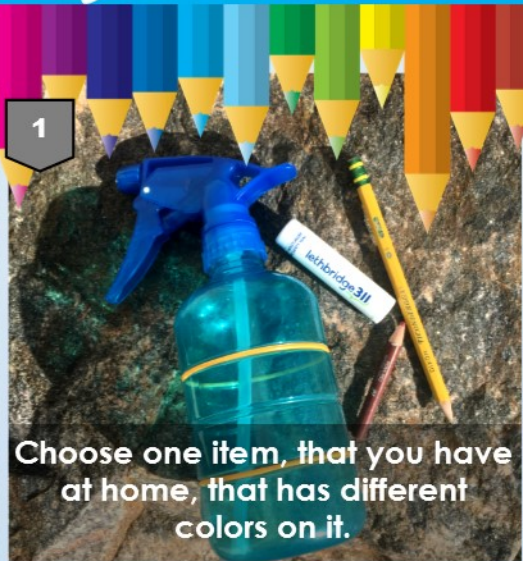

Phyllite

Black-billed Magpie feather

Color Scavenger Hunt

How many can you find?
