

Pardon the Interruption

Downtown Parking is **UNDER CONSTRUCTION**

Over the next several weeks, paying for downtown parking will transition from aging parking meters to new, modern parking kiosks.

What to Expect

- ✓ New signage and kiosks will be installed in the downtown in April & May.
- ✓ Please continue using parking meters until they are hooded and you are directed to use the new kiosks.
- ✓ Kiosk demo machines are now available to try at City Hall or the Downtown Business Revitalization Zone office.
