Safe Disposal Options

Watching your waste...

Some items do not belong in your regular garbage cart or bin! You can prevent injury to workers, environmental contamination and public health and safety hazards - bring your hazardous waste to the Waste & Recycling Center* or a private hazardous materials handler.

*see map on reverse

Instructions for bringing materials for free, safe disposal to the Waste & Recycling Centre:

Ensure chemicals are clearly labeled and properly sealed. Avoid spillage or contamination. Transport in an upright box or container.
