Waste Programs

Automated Waste Collection

If you have questions about waste collection or have moved to a home with a different sized cart than what you would like, please call 403-320-3850.

For collection, Waste & Recycling Services asks that you please:

- ✓ Leave at least 3ft of space behind your cart and 2ft of space at both sides and in front of it.
- ✓ Return your cart to your property by the end of your collection day.
- ✓ Bag your waste to prevent litter from blowing from your cart when it is being emptied.
- ✓ Make sure the lid on your cart can close.
- ✓ Do not put construction material in your cart.
- ✓ Do not put household hazardous waste, paint or electronic waste in your cart.
- ✓ Do not place material on or beside your cart.
- ✓ Do not put over 200lbs (90kgs) of waste in your cart.

Please check lethbridge.ca or call 403-329-7367, for changes to the collection schedule to accommodate holidays.

Large Item Service

Items collected include: Household waste, stoves, dishwashers, washing machines, couches, mattresses & more.

Residents can schedule 2 free pick ups per year, a minimum of 3 months apart.

To participate in Large Item Service:

1. With your utility customer account number handy, call 403-320-3934 to schedule a pick up.
2. *The scheduler will discuss appropriate pick up items with you.*
3. Place the items neatly away from your regular weekly household waste (24 hours prior to your scheduled pick up date).

Waste & Recycling Centre Free Saturday Disposal (up to 250kgs)

The program is year round and provides residents with another option to manage their additional household waste.

Please see map on back of brochure for directions to the centre and the hours of operation listed under W&R Centre on reverse.

Please note that all loads entering and exiting the centre must be secured to prevent waste and litter from blowing onto area roadways and ditches. See the Secure Load Policy at www.lethbridge.ca

Waste & Recycling Services Program Guide

Recycling Programs

Grasscycling

Grasscycling is the natural recycling of grass by leaving clippings on the lawn when mowing. Grass clippings will quickly decompose, returning valuable nutrients to the soil.

Grasscycling provides a number of benefits:

- ◆ Reduces yard waste disposal, which makes up 1/3 of the residential waste stream
- ◆ Saves landfill space and reduces the emissions produced from the clippings in the landfill
- ◆ Saves the time, energy and expense of bagging and hauling your clippings
- ◆ Saves the gas and energy required to transport and process your clippings
- ◆ Reduces the need for fertilizer and the demand for watering by providing nutrients and moisture to the soil

Tips for Grasscycling, an easy and simple opportunity to do something good for the environment:

- ◆ make sure your mower blade is sharp
- ◆ mow only when the grass is dry
- ◆ only cut 1/3 of the grass blade height

Backyard Composter Sale

The City sells composters for \$48. Call 403-329-7367 to order.

Christmas Tree Collection

Live trees are collected for free in January. Place your tree at your waste collection location (but away from your waste cart) by 7am on tree collection day. Call 403-329-7367 or visit lethbridge.ca for tree collection day.

Residential Fall Leaf Collection

The City of Lethbridge now provides an annual curbside Residential Fall Leaf Collection program in October and November. The program provides for two passes through each residential neighborhood to collect leaves in paper bags.

- ✓ Only paper yard waste bags are accepted for the program.
- ✓ An unlimited number of paper bags may be set out for collection.

For program details and the Fall Leaf Collection Schedule please visit lethbridge.ca or call 403-329-7367.

Yard Waste Recycling Sites

The City of Lethbridge operates three centrally located, staffed Yard Waste Recycling Sites to help residents manage their branches (up to 8" in diameter), grass, leaves and garden waste. Yard waste is accepted in paper bags. Yard waste in plastic bags must be debagged at the site.

Located at the three Recycling Stations listed below.

Hours of Operation: Open April 1—Nov 30, 7 am—7 pm, 7 days/week
Please visit lethbridge.ca or call 403-329-7367 for details.

Recycling Stations

The City of Lethbridge operates three Recycling Stations within the community:

- Stafford Drive North Recycling Station
North-west of the Stafford Dr. N. and Scenic Dr. N. intersection
- Bridge Drive West Recycling Station
South-east of the Bridge Dr. W. and University Dr. W. intersection
- South Side Recycling Station
28th Ave S between the Lethbridge Soccer Complex and the Judo Club

Accepted at depots: cardboard, paper, plastic & plastic bags, tin & aluminum, clear glass.

For more information visit lethbridge.ca or call 403-329-7367.

Waste & Recycling Centre Household Hazardous Waste, Used Paint and Electronic Waste Programs

Due to improvements in 2009, the Lethbridge Regional Landfill was renamed the Waste & Recycling Centre. The improvements increase environmental protection and offer customers a higher level of service.

Improvements at the site include:

- ✓ new dual weigh scale at entrance
- ✓ new indoor waste disposal area
- ✓ new baling equipment to wrap waste in plastic during windy weather operation
- ✓ improved layout of Recycling Area
- ✓ new compost pad

Accepted for safe disposal and recycling free of charge, year round, six days a week:
Household Hazardous Waste (HHW) Paint
Electronics (E-waste) Tires
Used Oiland more

For details on what is accepted at the Centre and tipping rates visit lethbridge.ca/wasteandrecycling or call 403-329-7367.

See map on back for location.
