

## HOME/BUSINESS WATER RATIONING SAMPLE PLAN:

### Some things to consider:

- Do you have landscaping?
- Do you have outdoor watering?
- Do you have general cleaning where you can use less water?
- Do you have a cooling system?
- Do you use water for processing?
- Do you have the opportunity to recycle or reuse water?
- Do you serve water to customers? (ie, serve only when asked)
- Do you have laundry facilities?
- Do you have employees you can inform?

### Do any of the above water uses apply to you?

---

---

---

---

---

---

### Are there other areas, not listed, where you use water?

---

---

---

---

---

---

### How can you use less water in these areas if water rationing (conservation) is asked from the City of Lethbridge?

- 1 

---

---
- 2 

---

---
- 3 

---

---

#### Examples include:

reduce laundry loads, limit watering of lawn, take short showers (under 5 minutes), etc
