

GALT GARDENS

601 3 Avenue South

Downtown

CITY OF
Lethbridge

Galt Gardens is the central gathering spot in downtown Lethbridge and is widely used for social events and programs.

On any given day throughout the summer you will find children frolicking in in the water feature with its spray patterns choreographed to music while parents take advantage of the near by picnic tables.

The park boasts an abundance of mature trees and flower gardens, not to mention plenty of open space for little ones to run and play or to put down a picnic blanket and relax the day away.

Galt Gardens is home to Rotary Plaza typically used by people in the downtown core as a convenient lunching spot. During special events this plaza is home to numerous acts and entertainers.

The Southern Alberta Art Gallery and numerous public art pieces are also located in Galt Gardens. This park has so much to offer that you will find yourself returning time and again to take it all in.
