

# LAFAYETTE PARK

10 Lafayette Blvd. West

Lafayette Park is a neighbourhood park with a combination of sun, shade, and play opportunities. The park has some large mature trees which are home to a variety of birds making this an ideal spot for bird watchers. There is good community and public access to the park. The playground is lit allowing for daytime and evening outings.

The open space in the park is large enough for impromptu sports activities and kids games.
