

PALM PARK

2130 Palm Road South

Palm Park is another hidden gem of Lethbridge's south side. Tucked snugly behind Palm Rd and 23rd ave south, it's a neighbourhood treasure and the ideal spot for a new adventure. The great playground has climbing structures, disc swings and slides with a fun, "tropical" palm tree theme! Picnic tables and benches are also located around the playground, so bring a snack and stay the afternoon.

The park also contains a large open field, perfect for a game of soccer or football with your buddies. Large, mature trees provide ample shade for those looking to relax with a good book or set up a picnic.

Paved pathways intersects the park making it a scenic detour for exercise enthusiasts or a short cut for those making their way through the neighbourhood.
