North Side

CITY OF  
*Lethbridge*

Lethbridge Christian School features a contemporary playground with swings, slides and a climbing apparatus, as well as two child sized soccer pitches, basketball hoops, and enough open space to let the little ones play.

Parents can rest assured that even though this school is located adjacent to Scenic Drive North it is fully fenced to ensure children's safety. There is seating located near the playground so you can relax while your children play.

There is also a fenced area on the east side of the school with a concrete foundation that would be perfect for street hockey.

**Please note:** dogs are not permitted on school or sports fields.
