Mount Blakiston Park is a cozy, quiet little neighbourhood park featuring a colourful playground with a slide and climbing apparatus. The open space in the park is great for a game of tag or soccer. Maturing trees provide little breaks of shade perfect for a family picnic or reading your favorite new book while the little ones play nearby.

A paved pathway cuts through the park running north-south, providing a lovely detour or short cut for your morning stroll or run. The pathway connects to trails running along McMaster Blvd, MacLeod Dr and University Dr.
