

NORBRIDGE LIONS PARK

1502 13 Avenue North

North Side

CITY OF
Lethbridge

The Norbridge Lions Park is small mature park with easy access and plenty of street parking. The park boasts a medium sized playground, open space for play, and an outdoor basketball court.

This park is central to the North side and has a parks building with an awning for shade for parents as they watch the kids play. The park is well located in the community and is well used.

This park is great for the sports enthusiasts as the open space is large enough to throw a ball or frisbee around and the outdoor basketball court is great for a game of three on three.
