

# DALHOUSIE PARK

30 Dalhousie Court West

West Side

CITY OF  
*Lethbridge*

This is a small, mature neighbourhood park featuring a playground and open space.

The playground features slides, swings, a climbing apparatus, and a separate climbing bar.

Park users will find some mature trees and open green space to let the little one's imagination soar while they burn off some extra energy.

The green space is large enough for a game of catch or to toss a frisbee.

There is a trail along the perimeter of the park linking it to the rest of the block and making a scenic detour for the walking, jogging, cycling or rollerblading enthusiast.
