CITY OF
Lethbridge

For years the Civic Track was home to major track and field and soccer events in Lethbridge. Located adjacent to the YMCA, Civic Ice Centre, and behind the Lethbridge Senior Citizen Organization, the Civic Centre is now primarily used for open green space, the odd track and field related event, and the occasional fitness program.

For the exercise enthusiasts looking to train on a non concrete or asphalt service this track is for you.

This is a great site for a game of ultimate frisbee, pick up soccer or football, and finish off with a picnic.
