

# HERITAGE PLACE PARK EAST & WEST

## 6 Heritage Place West & 11 Heritage Place West

West Side

CITY OF  
*Lethbridge*

Heritage Place Park East, West and Heritage Close form a long linear park that can be accessed from 6 Heritage Place West or 11 Heritage Place West.

This park is used primarily as a travel corridor linking the Heritage Community. However, for the exercise enthusiast, this is a great detour from a regular route featuring a paved path, trees, and some green space.

For those looking for a place to toss a ball around this park will also work (provided your fairly accurate with your throws).

Families may find this park a great spot for making snowmen or snow angels in the winter.
