Lethbridge

Atso Towaawa park is a sports park with little league baseball diamonds and a soccer pitch. The washrooms located in the park open for sporting events.

The soccer pitch is adult sized and is well used by recreational soccer users. The regional pathway runs through this park linking the park to a number of other parks and Mike Mountain Horse school.

There is plenty of open space for children to play even while games are in progress.

There is both internal and external parking but beware of stray baseballs.
