

HERITAGE ROAD PARK

45 Heritage Road West

West Side

CITY OF
Lethbridge

Heritage Road Park, also known as Heritage Heights Park, acts as a linkage to the trail system and offers a playground and plenty of open space for play.

The playground features swings, slides and a climbing apparatus. A small portion of the playground is accessible. The park also features open space perfect for kids games, as well as a pick up football or frisbee game.

Seating is available for those wanting to head out and enjoy the sunshine. A trail cuts through the park connecting it to the rest of the community and making it a great scenic detour for exercise enthusiasts.
