## South Side

The Lethbridge Soccer Complex is linked to the Indoor Soccer Centre and consists of one regulation sized soccer pitch. This field is home to varieties of league play and is not available for drop in sports (for more information on booking this field contact the Lethbridge Soccer Centre). From Spring to Fall the field is used both for play and also for soccer camps, coaching clinics, and tryouts.

For spectators and parents alike there is a berm located on the west end of

the field for people to relax out of the wind and enjoy the soccer matches.

For those needing a snack, during game and tournament play, there is also a small trailer concession on site.

Please note: dogs are not permitted on school or sports fields.
