Stafford Tot Lot is an awesome little pocket park located in the heart of the Stafford neighbourhood. The park backs on to the new Scenic Dr. extension, and provides awesome sunset vistas and views of our spectacular coulees.

The recently updated playground features an imaginative climbing structure complete with slide, as well as toddler and disc swings. Visiting this park is a great opportunity to explore the neighbourhood, and find a spot you might not have known about before.

With its close proximity to the coulees, you are likely to catch a glimpse of deer, rabbits or one of several bird species local to our area.
