

# COULEECREEK PARK

465 Couleecreek Blvd. South

South Side

CITY OF  
*Lethbridge*

Couleecreek Park has a great trail system around the park ideal for walkers, joggers, parents with strollers, and young children. The pond, located at the heart of this park, has plenty of seating for those who would prefer to relax and watch the water fowl.

There is a small playground located at the west end of the park that features slides, swings, and a climbing apparatus.

Couleecreek Park is an ideal park system for the exercise enthusiast as the trail system links this park with two other parks both featuring ponds.
