

# LAVAL COURT PARK

42 Laval Court West

Laval Court Park is a small park surrounded by residential housing with just enough open space for kids to play. This is a nice open park with trees on the perimeter making it nice and sunny.

The park has a small playground with swings, slide, and a climbing apparatus. The rest is open space. The park is nestled in the heart of the neighbourhood and is only accessible through a small corridor making it easy for parents to ensure their children are not playing near traffic.
