

OJIBWA PARK

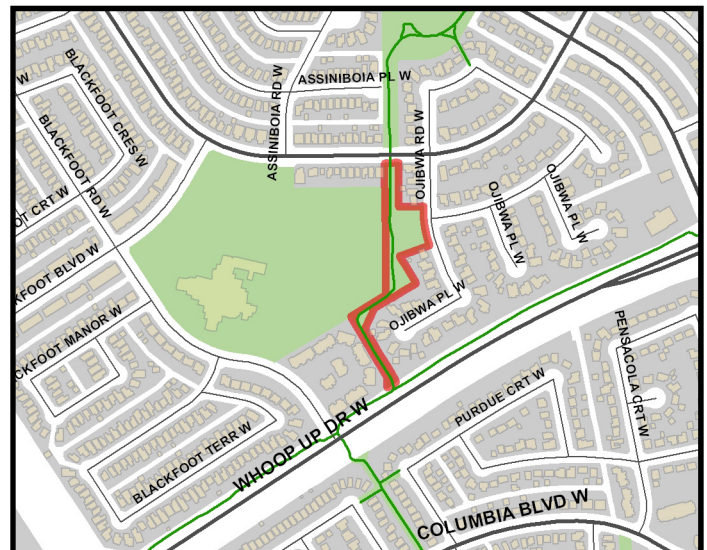

97 Ojibwa Road West

Ojibwa Park is a green space park that provides access to G.S. Lakie Middle School. The park has a few trees and the rest is open space that is indistinguishable from the school field area.

There is a trail system along the edge of the park that is shared with G.S. Lakie.

This area connects the local neighbourhood with the trail system that runs adjacent to Whoop-Up Drive.
