

SEQUOIA PARK

3800 21st Avenue South

South Side

CITY OF
Lethbridge

Sequoia is a mature, quiet park with beautiful trees, large open space, and fantastic playground.

The playground features swings, solar lighting, a multitude of climbing apparatus, and best of all, the highest slide in Lethbridge!

The mature trees provide shade for those hot summer days and also make great hide and seek hideouts.

This park is very open and sunny with plenty of green space for children's games, catch, touch football, frisbee, or putting down a blanket and enjoying a picnic or a good book.
