Section 1: Absent within a Subdivision or Development

I, _____, have reviewed the information provided by the Alberta Energy Regulator (AER) as set out in the AER Directive 079, Surface Development in Proximity to Abandoned Wells, and can advise that the information shows the absence of any abandoned wells within the site or proposed subdivision or development.

Section 2: Present within a Subdivision or Development

I, _____, have reviewed the information provided by the Alberta Energy Regulator (AER) as set out in the AER Directive 079, Surface Development in Proximity to Abandoned Wells, and can advise that the licensee(s) responsible for all abandoned wells within the site of proposed development has been contacted in order to have the Abandoned Well Locating and Testing Protocol completed in accordance with AER Directive 079 or if the licensee is struck or defunct, I have contacted the AER to determine how to fulfill the requirements of AER Directive 079. To prevent damage to the well, a temporary identification marker will be placed on abandoned wells prior to construction, according to the confirmed well location(s) on site.

The site of proposed subdivision or development contains the following abandoned well(s)

	Well 1	Well 2	Well 3
AER Well License Number			
License Name			
Licensed Surface Location (eg. 04-20-052-23 W4M)			
Licensee Contact Personnel Name			
Licensee Contact Phone Number			

By entering your name in the Applicant's Signature box, you are declaring that you have reviewed the abandoned wells map for the Site of the proposed development, attached a print out of the abandoned wells map with your development application and completed Section 1 or 2, as applicable.
