Invitation

The City of Lethbridge invites proposals from qualified vendors, to provide a Fireworks or Lights Show during the 2026 Canada Day Celebrations at Henderson Park, Lethbridge, Alberta.

Background

Annual Canada Day Celebrations are held at Henderson Park, Lethbridge, Alberta. These festivities run each year from approximately 11am-12am, on July 01.

The annual celebrations at Henderson Park generate foot traffic of approximately 12,000-15,000 people from Lethbridge and surrounding area.

Description of Project

Canada Day celebrations will be held on July 1, 2026, at Henderson Park in Lethbridge, Alberta. The City of Lethbridge will require a Fireworks or Lights Show Service Provider to coordinate all aspects of a large-scale Fireworks or Lights Show occurring at approximately 11:00pm, with a minimum run time of 20 minutes, aligning within a budget of \$25,000-\$30,000.

Scope of the Project

- Display site selection\consultation (see schedule A for previous years' site selection)
- Display design
- Liability Insurance for the Display's Portion of the Event
- Acquisition of all local, provincial, and federal approvals
- Provide any and all necessary lighting equipment and/or drones
- Supply shells, candles and other specialty devices
- Meshing and Fusing Services
- Equipment provisioning (mortars, racks, firing systems, etc)
- Display set up and execution
- Site tear down and site clean-up

Quotation Fee Schedule

- Including all applicable fees including GST
- Payment terms, conditions, and any other costs shall be clearly indicated

Preliminary Schedule

RFQ Issue Date: January 5, 2026 | 4:30 PM
RFQ Close Date: February 3, 2026 | 4:30 PM
RFQ Award Date: February 17, 2026 | 4:30 PM

Proposed Evaluation Plan

All submitted proposals will be evaluated on:

- Pricing and Other Factors, including but not limited to qualifications, experience, references (if provided) and proposed program

Schedule A:

Previous displays have been launched from the west side of Henderson Lake into the water. This configuration has allowed for the greatest viewable area for audiences.
