

# GEORGETOWN PARK

4300 11 Street North

North Side

CITY OF  
*Lethbridge*

Georgetown Park features a playground, basketball court, and space for youth to run around or play catch in the green space.

The playground features slides, swings, and climbing apparatus.

There are some mature trees in the park ideal for hide and seek. Visitors to this park will most likely see deer and other wildlife in the natural shrubbery to the west of the park.

For something different this park also features two horseshoe pits.
